Subject: [SunZia: CEC Process] Proposed Tour Protocol, identification of disagreements between the parties
Attachments: Exhibit 1.pdf; Exhibit 2.pdf

Ms. Romeo-

In accordance with Paragraph 22 of the Procedural Order, SunZia Transmission, LLC, submits its attached proposed tour schedule and protocol (Exhibit 1). SunZia sought the input of all parties and potential parties and received input from Norm Meader (Exhibit 2). On October 13, 2015, the Applicant held another "meet and confer" with parties and potential parties, during which Ms. McVie and Mr. Else likewise expressed a desire to provide testimony during the first tour, for the reasons identified by Mr. Meader. Additionally, Ms. McVie expressed a desire to provide testimony on the second proposed tour, for the same reasons.

The Applicant does not concur with Mr. Meader, Mr. Else, or Ms. McVie's proposals concerning additional testimony and public comment during a tour. It is SunZia's position that these proposals are unprecedented, unnecessary, logistically impracticable, and contrary to the spirit and purpose for conducting tours. They would also impose undue burdens on the court reporter, the Line Siting Committee, and the other parties.

Sam

Subject: Re: [SunZia: CEC Process] Scheduling a "meet and confer" on October 13, 2015, from 1:00-4:00 pm

Sam,

Thanks for the information. You have asked for comments regarding the planned tours, and I have several (principal subjects bolded).

First, if I am accepted as a party to the hearing by the Line Siting Committee, **I would want to offer testimony on the Willcox tour** at Points of Interest #W-3 (San Pedro River crossing) and #W-4 (Cascabel Community Center). Alternatively, I may want to call a local witness or witnesses to testify. At W-3, testimony would address cultural (archaeological) impacts at the river crossing and conservation lands along the valley to the north. At W-4, testimony would address conservation lands in the Cascabel area and lands to the west on Pima County's A-7 Ranch. Any testimony at each stop should take less than 5 minutes.

The San Pedro Valley tour will cover the most environmentally sensitive part of the SunZia route. Valley residents are greatly concerned about this and overwhelmingly oppose it. **Some means needs to be provided for this concern to be expressed**, I believe, either through testimony at the stops or by the Chairman asking for public comment from residents who may be on the tour. Several residents are planning to take the tour. I will send a list of them to you and the Chairman before the date of the tour.

Regarding the final stop at the Cascabel Community Center, two restrooms will be available in the Center for people to use. I assume that some individuals will want to use them. I note that this tour does not have a lunch stop scheduled as the Pinal County tour does. **The Cascabel community is prepared to offer refreshments and snacks**. Please let me know if this is acceptable at least a few days before the tour so they can prepare. Because the tour is an official part of the hearing, I understand that community members would not be allowed to comment on the project unless the Chairman specifically asks for their comment.

The turn into the road up to the Cascabel Community Center is very sharp. I don't know if that will cause any problems for the coach driver. The road up to the center is steep although short. When the coach arrives at the Community Center, it would be facing south. The driver should be able to turn around by backing into the area north of the center.

In January 2010 SunZia and the BLM visited Cascabel for a public meeting on the project (not an official scoping meeting), and **community members protested the project by posting placards along the road and hanging banners across it** (you can ask Mr. Wray about this). They saved all of those placards and are contemplating setting them out again. You might bring this to the Chairman's attention to see if this would violate any rules or restrictions. I would appreciate being informed of his determination so that I can forward the information. The Cascabel community would abide by whatever rules the Chairman sets.

I will be taking the Pinal County tour and would like to know if **any further proceedings will take place once the tour returns to Tucson**. I was planning on continuing on to Casa Grande that afternoon so that I can attend the hearing the following morning, November 4. If the hearing will be continued in Tucson that afternoon, I would return to Tucson to be present.

Thank you for considering my comments. I realize that you may need to confer with the Chairman to address some of them.

Sincerely,
Norm "Mick" Meader

Good evening-

This is to follow-up from the "meet and confer" on September 23, 2015, between SunZia and several of the potential parties. Following the "meet and confer," on September 30, 2015, we circulated and solicited comments on and edits to a draft issues matrix, as contemplated by Paragraph 18, in the September 11, 2015, Procedural Order. The matrix identified who attended the "meet and confer" on September 23, 2015, outlined and summarized, at a high level, the potential parties' positions regarding various segments of the Proposed Route and the overall Project, as expressed during the meeting.

Specifically, on September 30, 2015, we requested that the potential parties:

1. Carefully review the matrix, and provided comments/edits, by October 6, 2015, to allow sufficient time to incorporate the comments/edits in the matrix prior to October 13, 2015, when the same must be provided to Chairman Chenal, pursuant to Paragraph 18 of the Procedural Order.
2. Identify whether each entity/person is considering intervention.

As of today's date, the Winkelman and Redington Natural Resource Conservation Districts, the ACC Staff, Pinal County, Mr. Meader, and Mr. Else have sought intervener/party status. Additionally, as of today's date, Mr. Meader, Mr. Else, and Ms. McVie have provided comments on the preliminary draft matrix.

We are hosting another "meet and confer" on October 13, 2015, from 1:00 to 4:00 pm, to comply with the requirements of the Procedural Order, the applicable paragraphs of which are summarized below.
